A surprising twist shows how an enemy can become a friend. And now I get to model that behavior instead of letting my frustration get the better of me.

If you can stay calm and soothe your children, they will eventually learn to do so. Researchers now view conflict, rather than the divorce or residential schedule, as the single most critical determining factor in children's post-divorce adjustment. Boys are more externally symptomatic than girls, they act out their anger, frustration and hurt. Courtney DeFeo suggests an easy way your family can serve your community.

One of the most tried and true ways to soothe a fussy baby is holding them close in the shade, but help them to get acclimated to bright light in the day and darkness at night. We separate them when it gets out of hand and then they both beg us to let them play .
