She blogs at [www](#). Plus, when you do the Countdown, Amazon exposes you to a portion of the market that you would otherwise not. This means that Amazon can make huge amounts of money from part-time writers, misguided forays into novel-writing and anyone else who wants to pick-up the pen. You have to stand above your competition on the merit of your content and presence. The print on demand only charges when a book is shipped out so it comes out of the purchase price. A searchable title will be an enormous credit to your case. On top of that, they already have developed their platform, they already have a readership with their readers. I did set up my author website probably 6 months before I launched, yes. Amazon was cycling my bike and I decided to take a break.
