Brennanmarked it as to-read Jan 13, There is a tendency for each one of them to  
In the next six chapters Campbell details several important developments: the disagreements within NATO the various methods the West used to occupy Libya including propaganda. To see what your friends thought of this book, please sign up. See All Customer Reviews.

The book isn't perfect, near the end Campbell focused on some details I don't think the Peace movement should look to those details, which I think puts too much emphasis on how much those details really matter.
