It was also fascinating to work with the artists, from around
the world, who created the life-like 3D artworks of the
animals featured in the series. I say keep on writing, there
is much promise. West take more chances and reach farther with
regards to new technologies.

Markov considered his options. But as the story developed I
dropped this bit out altogether and came up with a dog named
Chase that was alive but very strange. Their forces are
ambushed and the battle quickly spirals out of control.
